

JIRA SOFTWARE SCREENSHOTS OF SPRINT 3

The screenshot shows the Jira Software interface for the 'SmartFarmer - IoT Enabled Smart Farming Application' project. The left sidebar contains navigation options: Planning (Roadmap, Backlog, Board) and Development (Code, Project pages, Add shortcut, Project settings). The main area displays the 'Backlog' for 'SIESFA Sprint 3' (6 Nov - 13 Nov). Two issues are listed: 'SIESFA-18 As a registered user, I need to easily log in using the registered account via the web page. DATA VISUALIZATION' and 'SIESFA-16 As a user I have gone through dashboard and the requirements DATA VISUALIZATION'. Both issues are marked as 'DONE' with a green checkmark and a user icon. A 'Create issue' button is visible below the list. A 'Your backlog is empty.' message is shown at the bottom. A 'Quickstart' dialog box is open in the bottom right corner.
